2024/25 Tuition and Fees

The TCCS budget runs on a fiscal year from 6/1 through 5/31 and it is voted on by the society in April. Tuition is subject to change each year based on budget approval.

The Board, Administration, and staff all work to be wise stewards of tuition money. The tuition and fees reflect the cost of educating your child with the best possible curriculum and educational tools available for the students at TCCS.

Tuition for a child who leaves mid-year will be due for any month that the child attended at least one day of school.

¹ Base amount before TCCS Grant

² Applicable to families who do not receive any other assistance

Additional Fees:

- **Annual Enrollment Fee: \$300/family**
- **Yearly Busing Fee/family: \$1,500/year**

*There are NO other additional fees for books or building costs unless a student participates in athletics.

* A 5% discount will be applied for those families who pay their yearly tuition in full on or before the first day of school each fiscal year.

Your tuition can be reduced by using the SCRIP program. You purchase gift certificates at face value for stores you typically shop and a percentage of that amount is applied to your account in August, November, February and May. The percentage is predetermined and different for every business. Family and friends can designate your account for their purchases.

Many families benefit from the NC Opportunity Scholarship and/or the ESA+ Program.
